Chips for Charity

An event sponsored by The Junior League of the Oranges and Short Hills

Proceeds will benefit our work in the community with women and children and our pledge to promote voluntarism.

About The Junior League of the Oranges and Short Hills

The Junior League of the Oranges and Short Hills, JLOSH, was founded in 1913 and is an organization of women committed to voluntarism, developing the potential of women, and improving our communities through the effective action and leadership of trained volunteers. Its purpose is exclusively educational and charitable.

Through our projects JLOSH returns over \$80,000 annually, through grants and services, and gives more than 7,000 volunteer hours per year to the communities of East Orange, Livingston, Maplewood, Millburn, Orange, Short Hills, Springfield, South Orange and West Orange.

Currently, our main focus is on improving facilities for families at East Orange Public Library, and on teaching children about the values and rewards of volunteering through our Littlest Volunteers program. All of our projects are implemented by JLOSH members who give generously of their time and skills.

Find out more about our work and organization at www.jlosh.org.
